MAST Seniors Named Hispanic Scholars

Eight MAST Academy seniors have been named **Scholars** by the 2003-2004 **National Hispanic Recognition Program: Amaury Betancourt, Alejandro Cervera, Sebastian Duncan, Nicole Joy, Dayan Paez, Rurik Primiani, Monica Simo, and Kaya Suarez.**

Students enter the program when they take the Preliminary SAT/National Merit Qualifying Test (PSAT/NMSQT) as high school juniors. The distinction of being named a Scholar is bestowed on a select group of the highest scoring students in their senior year. The College Board will now notify colleges and universities across the country of the accomplishments of these students.
